

THE FEEL GOOD, TASTE GREAT COFFEE COMPANY

The All Star FUNdraising System

All Star Coffee is an easy and effective way to fundraise by selling fresh roasted premium coffee, a consumable product most of us drink every day!

We've made FUNdraising EASY and FUN by providing you with your own personalised online store and all the marketing materials you'll need to tell the world about your FUNdraiser.

Each coffee bag will be personalised with your team logo and your organisation will receive \$7 for every bag sold!

Our 2 week FUNdraiser Campaigns make FUNdraising FAST and can have huge success with only a few minutes each day. Simply follow our tried and true FUNdraising process and you're guaranteed to get great results!

Did you know 86% of your friends already buy coffee? Why wouldn't they buy it to help a friend?

Our coffee varieties are crafted to emulate the top selling brands in Canada so you don't have to compromise taste to support your FUNdraiser.

We source our coffee beans from the finest growing regions around the world, and work directly with the farmers to establish the fairest trade possible.

That's why we're the "Feel Good, Taste Great Coffee Company"... we want your supporters to know they can feel good about every part of All Star Coffee.

To get started, simply assign a Team's Fundraising Coordinator and get started today!
